-23-

GKNG 1269 PCT

REMARKS

The original PCT application contained 26 claims. Claim 1 was previously amended and claims 2-26 were cancelled. New claims 27-66 have been added. The specification and abstract have also been amended to conform to U.S. practice and to correct several typographical errors. For the Examiner's convenience, a replacement specification is attached which reflects these amendments. Examination of the same is now requested.

Respectfully Submitted,
